

August 27, 2026

Dear Parent/Guardian,

For the upcoming 2026–2027 academic year, students in levels E–O will use tablets.

Students may begin downloading their AY2627 SABIS® E-books starting September 1, 2026. We recommend completing this before the academic year begins.

Access to the AY2526 Summer Packages, SLE Online Courses, and other related content on SDP will remain available to students until September 1, 2026.

Before downloading the AY2627 SABIS® E-books, students must install the following applications from the Google Play Store:

- SABIS® E-books
- SABIS® Keyboard

Detailed setup instructions are available in the Student Tablet Setup document on the SABIS® Digital Platform.

As a reminder, we recommend that tablets have the following technical specifications for the optimal experience.

Tablet Specifications	
Operating System	Android™ Version 15.0 or above
Internal Storage	64 GB or above
Processor	8 Core or above
Memory (RAM)	4 GB or above
Screen Size (diagonal)	10.1 inches or larger
Resolution	1920 x 1080 or above
SD Card Supported	Required
Stylus	Preferred
Wi-Fi	6 or above Preferred

Important Notes

- SABIS® applications are only supported on tablets running Android operating systems.
- For the Academic Year 2026–27, tablets with Android™ versions below 13.0 might not be compatible with SABIS® applications.
- For the Academic Year 2027–28, tablets with Android™ versions below 14.0 might not be compatible with SABIS® applications.
- Tablets not meeting the recommended technical specifications might experience slower or inconsistent performance while accessing SABIS® tools and products.
- Tablets with the recommended technical specifications are expected to be compatible for up to 3 years. After that, a replacement will be necessary.

We look forward to another successful implementation of SABIS® digital products during the upcoming academic year.
